THE DIRECTOR OF
CENTRAL INTELLIGENCE

National Intelligence Council   26 January 1983

NOTE FOR: C/NIC

FROM   : VC/NIC

This sounds like a group that will focus
exclusively on specific industrial projects.
Is this something we want to be involved with,
or would DDI be more appropriate?

Honorable William J. Casey
Director Central Intelligence Agency
Washington, D. C.   20505

Dear Bill,

The Department of Commerce is establishing an interagency Major Projects Coordinating Group to develop fuller interagency cooperation and participation in assisting U.S. industry in obtaining major export business. The Deputy Assistant Secretary for Industry Projects, Jim Sharpe, has been named Chairman. Your Agency's participation in this effort is critical to the success of the new group. I ask that you designate a senior member of your staff to serve on the Coordinating Group and call ⬚ by January 27, 1983 with their name.

STAT

The first meeting of the group is scheduled for 3:00 p.m. January 28, in Room 3407 of the Herbert C. Hoover Building. Enclosed are the proposed functions, agency membership of the new group, and agenda for the first meeting.

I expect this interagency effort to be highly productive in assisting U.S. firms to win additional contracts for major foreign projects.

Sincerely,

Mac

Secretary of Commerce
